

# The Impact of Gender in the Workplace

Kara Meyer

Advisor: Dr. Alissa Stoehr

## ----- Background -----

College of Business

B.S. in Supply Chain Management

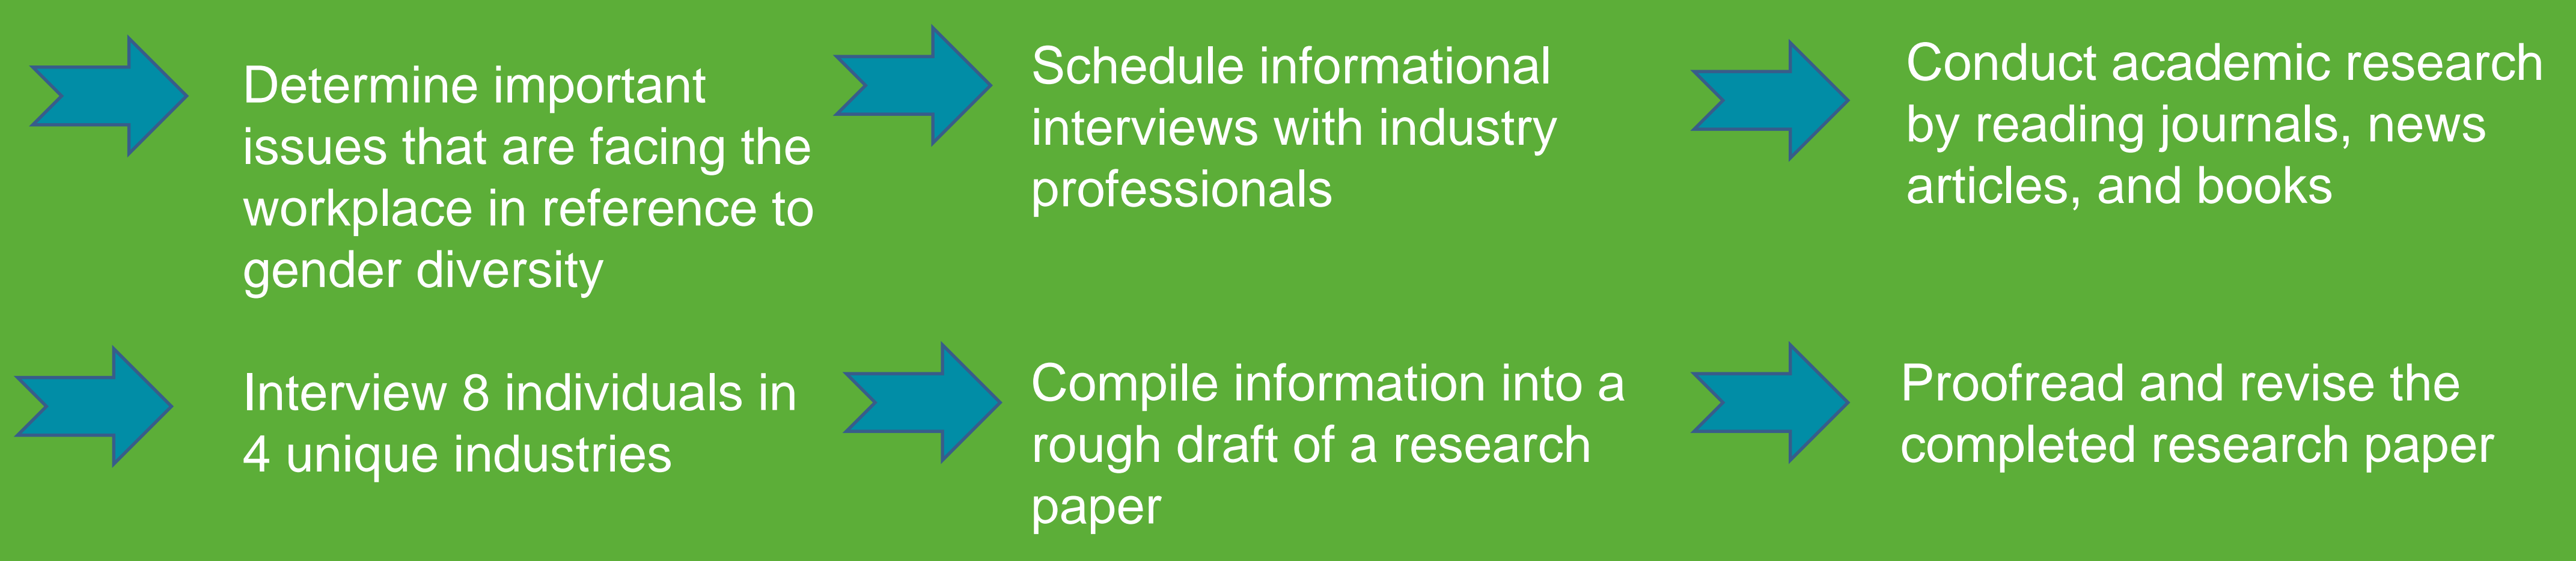

Graduation Date: May 2016

## ----- Project Objective -----

- Investigate how gender diversity impacts female or male dominated industries

## METHODOLOGY

## KEY FINDINGS

Chart 2. Median usual weekly earnings of women and men who are full-time wage and salary workers, by age, 2014 annual averages

Source: U.S. Bureau of Labor Statistics.

- The graph above shows the differences in average weekly earnings based on gender and age.

- Politics is still a major area where the United States does not have a lot of gender diversity.

- Overall, interviewees see limited cases where their gender contributed to negative reactions in their workplaces.
- In the end, gender bias can effect both effect men and women during their employment.
